**POLICY STATEMENT** – Our education and care service is committed to providing excursions that are well considered and planned, provide meaningful experiences and ensure the health, safety and wellbeing of children at all times.

**RATIONALE-** Excursions are a valuable experience for children, families and staff of education and care settings.

Excursions provide the opportunity to expand and enhance children’s experiences, explore different environments and engage in meaningful ways with their communities. Excursions require appropriate planning and risk management to ensure the best experience and enjoyment for all.

The centre views excursions to be meaningful to children’s development and learning. A minimum of 4 excursions will be undertaken each year (Mobile Children’s Service an exception), and a minimum of 2 incursions per year.

**Note: This policy only applies when taking children from the Deniliquin Children’s Centre grounds. If children are visiting another Children’s Centre Service, authorisation has already been sought via the child’s enrolment form.**

**Authorisation via the enrolment form is obtained once in a 12 month period.**

### **PROCEDURE- How will this be done**

#### **1. Planning**

When planning for an excursion staff will:

- Check current Government advice and restrictions and consider how this may impact excursion planning.
- Assess the requirements for the excursion.
- Conduct a risk assessment.
- Book transport and venues.
- Make alternative arrangements for adverse weather conditions.
- Inform families of the details of the excursion including destination, objectives and outcomes, and what the child should bring.
- Provide parents or legal guardians with an excursion permission form to complete to authorise their child to participate on the excursion.
- Collect completed permission forms for each child attending the excursion.
- Request additional adult participation on the excursion where required.
- Arrange for a suitably equipped first aid kit (including EpiPen) and mobile phone to be taken on the excursion.
- Educators must make alternate arrangements for any children who are not attending the excursion and ensure that any dialogue or pre-planning for the excursion does not alienate such children from social networks.

- Additional factors need to be considered in the planning of excursions for children with additional needs. Where possible, our service will uphold the right for all children to access all excursions and engage in meaningful ways while on excursions.
- An **excursion planning proposal form** must be completed and approved by the Nominated Supervisor before any excursions are confirmed. (NQS 2.9 A 1 Excursion *planning proposal excursion form* is attached)

## 2. Risk Assessment

The Nominated Supervisor will ensure that:

- A responsible person is appointed for the excursion.
- A risk assessment is conducted prior to any excursion to identify and assess the risk the excursion may pose to the safety, health and wellbeing of any child whilst on the excursion, and will specify how the service will manage any risks identified.
- Once risks have been identified, they will be categorised as high, medium or low and management of the risks will be detailed.
- Educators and any responsible adults attending the excursion are aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.
- Before departing for the excursion, risks are checked including the weather to assess any increases to the level of risk and whether the excursion can proceed.

**The risk assessment conducted will consider:**

- proposed route and destination for the excursion
- any water hazards
- any risks associated with water-based activities
- method of transport to and from the proposed destination, including:
- the means of transport and any requirements for seatbelts or safety restraints under a law of each jurisdiction in which the children are being transported.
- the process for entering and exiting the education and care service premises and the pickup location or destination; and
- procedures for embarking and disembarking the means of transport, including how each child is to be accounted for on embarking and disembarking.
- number of adults and children involved in the excursion
- given the risks posed, the number of educators or other responsible adults that is appropriate to provide supervision and whether any adults with specialised skills are required to ensure children's safety
- proposed activities
- proposed duration of the excursion
- items that should be taken on the excursion
- access for emergency services
- availability of toilets, hand washing and shade
- adequate mobile phone coverage
- strategies for accounting for all children on the excursion, particularly during transition times, such as ensuring all children have been transported to the destination and have been returned to the service at the conclusion of the excursion.
- if the excursion is a regular occurrence a risk assessment will only be carried out once in a 12 month period, where the circumstances relevant to the risk assessment are substantially the same on each outing.

### Regular Outing

A regular outing means a walk, drive or trip to and from a destination:

- a. that the service visits regularly as part of its educational program; and

b. where the circumstances relevant to the risk assessment are substantially the same on each outing.

- If the excursion is a regular outing, authorisation is required once in a 12-month period.
- All parents or legal guardians will be asked to sign permission forms for regular excursions on enrolment and at the beginning of each subsequent year. This permission form will include a description of when the child is to be taken on the regular outings.
- No child will be taken on an excursion unless written permission from parents or legal guardian has been received.

Deniliquin Children's Centre also considers a regular outing as within the precinct of the block in which the centre resides- inclusive of Whitelock, Napier, Hardinge and Poitiers Streets. A risk assessment will be conducted for the precinct; however, it is imperative that the *Excursion checklist* is completed prior to all excursions.

### **Authorisation for Excursions**

The Nominated Supervisor will ensure that:

- For all excursions parents or legal guardians will be given an excursion permission form with full details of the excursion including:
- the child's name;
- date the child is to be taken on the excursion, description, duration and destination of proposed excursion;
- if the excursion involves transporting children the means of transport and any requirements for seatbelts or safety restraints under a law of each jurisdiction in which the children are being transported;
- reason for the excursion, and proposed activities to be conducted on the excursion.
- the anticipated adult: child ratio – outlining number of educators and staff and other adults attending;
- a statement that a risk assessment has been prepared and is available at the service for parents to view.

### **Staffing arrangements**

Educators attending the excursion will be no less than the number prescribed in the Education and Care Services National Regulations and depending on the supervision requirements and additional hygiene procedures, may need to be higher to ensure adequate supervision.

- The number of educators will also be adequate to supervise any responsible adults who volunteer to assist with the excursion.
- Consideration will be given to the number of educators who have required first aid qualifications and the number of educators required to educate and care for children who remain at the service.
- Where a group of children are taken on an excursion while a number of children remain at the service, at least one educator who holds the following qualifications must be in attendance at both the excursion and at the service where children are being educated and cared for, and must be immediately available in an emergency. At least:
  - staff member or one nominated supervisor of the service who holds a current approved first aid qualification
  - staff member or one nominated supervisor of the service who has undertaken current approved anaphylaxis management training
  - staff member or one nominated supervisor of the service who has undertaken approved emergency asthma management training (regulation 136(1)).
- All educators attending the excursion will be made aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.

## **Families and Volunteers**

- Families will be encouraged to participate in excursions to increase the number of responsible adults and assist in ensuring the health, safety and wellbeing of children.
- Families and volunteers cannot be counted in order to meet ratio requirements under the Education and Care Services National Regulations.
- Family members wishing to attend will be mature, responsible people who are aware of the hazards and responsibilities of taking a group of children out of the service. If the responsible adult needs to bring their child's sibling because they cannot find suitable care, the responsibility provided to this adult will be adjusted accordingly and considered in the risk assessment.
- Family members/volunteers will not be left in sole charge of children (including their children) and must be supervised by an educator at all times.
- All responsible adults attending the excursion will be made aware of the service's policy and procedures that set out the instructions for what must be done in the event of an emergency (regulation 97(a)) and are aware of the risk assessment for the excursion.
- Families and volunteers will require a current working with children check
- The Working with Children Check will be kept on file in both service and administration.

## **Travel Arrangements**

Travel arrangements are made on the basis of individual excursion requirements. Every reasonable precaution will be taken to protect children from harm and any hazard likely to cause injury. The following forms of transport are used:

### **Walking**

- Educators will ensure children obey road rules and cross roads at a crossing or lights where available.
- Educators will remain vigilant to ensure no child runs ahead or lags behind the group.

### **Public Transport (trains, buses)**

- All requirements for seatbelts or safety restraints under a law of each jurisdiction in which the children are being transported will be checked and followed for any transport being used.
- Every child will wear a seatbelt where one is fitted.

## **Conducting the Excursion**

- All educators, volunteers and children attending will be informed of excursion timetable/itinerary, special requirements, safety procedures, grouping of children and responsibilities.
- A list of children on the excursion will be left at the service and a copy carried by the delegated responsible person.
- Before leaving on the excursion, a notice will be prominently displayed at the service which includes:
  - itinerary and timetable; and
  - mobile contact phone number.
- Items to be taken on excursions include
  - a suitable stocked first-aid kit including EpiPen and emergency asthma medication and Buddy bags including childrens medical management plans and childrens medication
- Excursion bag (emergency kit) inclusive of:
  - current emergency contact details for each child
  - employee and next of kin contact details
  - emergency service telephone numbers
  - fully stocked first aid kit
  - administration of medication records and medical management plans
  - mobile phone with sufficient credit and charger
  - drinking water
  - gloves
  - smoke mask/goggles
  - portable radio and torches - battery-powered, solar or wind-up

- spare batteries
- whistle
- pen and paper
- alcohol based hand sanitiser
- sunscreen
- insect repellent
- Toilet paper
- nappies/wipes/change mat
- infant bottles and formula
